

DONATION CARD

Since 1989, Phoenix Society has grown from an idea, to its first recovery programs and is now a multi-faceted, integrated service provider that offers a variety of programs and support services, helping residents and program participants achieve positive outcomes in their lives.

A key purpose of our Society is to provide housing and support services for people at multiple entry points on the continuum; we develop community-based projects that meet people where they are at, helping participants exit the cycle of addiction and homelessness and are regarded as having amongst the best outcomes in British Columbia.

My donation is made in memory of: _____
