ABOUT PHOENIX

Phoenix Society provides low barrier, trauma-informed community services and housing to support to individuals and enhance well-being. We do this by addressing the social determinants of health and helping people feel connected, welcomed, and included in their communities.

We meet people where they're at and create a safe environment for them to take action toward their goals. Our programs and services span prevention, early intervention, harm reduction, treatment, recovery, housing, employment, community inclusion, health care and education.

BENTLEY PLACE SUPPORTIVE HOUSING

Low-barrier supportive housing
in Surrey to help build long-term
stability and independence.

PHOENIX
SOCIETY

DISCOVER WHAT MATTERS TO YOU

Residents are encouraged to explore activities, build relationships, and access the supports that make sense for them. They have access to:

-  Service navigation
-  Peer support
-  Case management
-  Health care
-  Shared meals
-  Life skills building
-  Employment and education support
-  Culturally safe and inclusive care

WHY TRY PHOENIX?

At Bentley Place, residents can access support with the day-to-day things that matter to them. This may include help with daily routines, managing appointments, connecting with community resources, or support with finances, education, and employment. Residents choose the supports that feel most useful and are encouraged to pursue their own goals and interests.

The Phoenix team uses respectful, trauma-informed approaches to support people through tough moments and goal setting. Bentley Place is a community where residents can connect with one another, share experiences, and build a sense of belonging in ways that feel meaningful to them.

INTERESTED IN BENTLEY PLACE SUPPORTIVE HOUSING?

Step 1: Referral and Application

Interested applicants can work with a BC Housing outreach worker or community partner to complete a Supportive Housing Registry application and Vulnerability Assessment Tool (VAT). Applications are reviewed by BC Housing and the Community Access Table based on need and availability.
