

Provincial Specialized Substance Use Treatment Program for Adults

The Provincial Specialized Adult Substance Use Treatment Program is for adults 19 years of age and older who have a severe and high risk substance use disorder and may also have mild-moderate stabilized mental health issue. Services are designed for people who have experienced multiple relapses, and whose treatment needs for substance use and addiction are more than what their local community health resources or health authority have been able to meet. Referrals can be completed with the individual and in partnership with their community care team and applicable Regional Health Authority Liaison.

This 3 month live-in treatment program (with possibility of extension) includes individual, group and family therapy (when appropriate) using a variety of different treatment modalities. The program also includes opportunities to build community and connections through recreational therapy, music therapy and more.

WHY TRY PHOENIX?

Many people come to Phoenix after they have tried a few other treatment programs. Phoenix Treatment Program for Adults is unique because it offers everything clients may need in one place, including a medical clinic, a supportive community, and care from a multi-disciplinary team including addictions physicians, psychiatry professionals, primary care doctors, nurses, counsellors and therapists. We also offer Opioid Agonist Therapy and have an onsite pharmacy.

Our knowledgeable and nonjudgmental staff are available 24/7 on site. Phoenix's aftercare team works with every client to ensure that they have what they need on their journey after they leave.

Our strengths-based approach and trauma-informed practice support individuals on their journey to greater wellbeing.

HOW TO PARTICIPATE

If you or someone you know is interested, reach out today to admissions@phoenixsociety.com. A referral is required, but the Phoenix team is here to help you navigate this process. You can download a referral form and client participation form at the link in the QR code.

Phoenix offers a pre-admission meeting via phone or video conference to answer any questions you may have. Get in touch with our team for any support needed.

WHAT TO EXPECT

Once enrolled, clients work directly with Phoenix Intake Specialists to understand exactly what they can expect before arriving for the program. Our team lets clients know what they can bring to treatment and walks each person through the admission process.

We work hard to make it a stress-free process and ensure everyone has the support they need. Our team is always available to answer questions and talk about what to expect ahead of arrival.
